## BACKGROUND

1. Under a referral dated 26 July 2006 Basketball Australia (BA) referred the following anti-doping functions, powers and responsibilities ("anti-doping functions") to the Australian Sports Anti-Doping Authority (ASADA):
  - investigating possible anti-doping rule violations within the sport of Basketball;
  - issuing infraction notices or other matters under the determined results management process;
  - convening hearings before the Court of Arbitration for Sport (CAS). There is no other hearing body for anti-doping matters in Basketball;
  - presenting allegations of anti-doping rule violations and all relevant, incidental matters in hearings before CAS; and
  - notifying the results of investigations and hearings and all relevant, incidental matters to relevant bodies including BA and the FIBA. Any notification will be subject to the Australian Sports Anti-Doping Authority Act 2006 (ASADA Act) and privacy legislation.
2. BA and ASADA acknowledge and agree that under the ASADA Act, ASADA has the function of supporting and encouraging the development and implementation of comprehensive programs and education initiatives about sports drug and safety matters. BA will assist ASADA with such matters and will provide education and information regarding anti-doping rules and matters to persons within the sport of Basketball within the framework established by ASADA.
3. ASADA will perform and conduct the anti-doping functions in accordance with this referral and the ASADA Act. ASADA will use its best endeavours to ensure the FIBA anti-doping regulations are recognised.
4. BA refers the above anti-doping functions to ASADA on the basis that:
  - ASADA will as soon as practicable, subject to the ASADA Act and privacy legislation, provide to BA (and if necessary FIBA) copies of relevant documents including but not only test results, infraction notices and hearing documents;
  - BA retains the right to appear in anti-doping hearings before CAS as an interested party. BA will determine whether it wishes to exercise this right upon notification of a hearing by ASADA. If BA wishes to appear at any anti-doping hearing before CAS it will pay its own costs of such appearance
  - all costs of any investigation and hearing (including but not only CAS application costs and any legal costs associated with any investigation and/or hearing) undertaken by ASADA will be paid by ASADA;
  - BA will immediately advise ASADA of any alleged anti-doping rule violation in Basketball and will provide assistance to ASADA in any investigation that ASADA might reasonably request; and
  - ASADA will, subject to the ASADA Act and privacy legislation, provide such reports to BA on ASADA's conduct of the above anti-doping functions as may be agreed between ASADA and BA.
5. BA will recognise and enforce any sanction determined by CAS in respect of an anti-doping rule violation in the sport of Basketball and in any other sport.
6. BA will use its best endeavours to ensure its Members, Athletes and Athlete Support Personnel are aware of this referral of the anti-doping functions to ASADA and assist and co-operate with ASADA in the conduct of the anti-doping functions. BA otherwise recognises ASADA's powers and functions under the ASADA Act.
7. BA has amended its anti-doping policy (ADP) to reflect the roles and responsibilities under the referral. The ADP adopts and reflects the World Anti- Doping Code (Code) which is annexed to and forms part of this ADP.
8. Where an Athlete or Athlete Support Personnel is bound by FIBA's anti-doping regulations as well as this ADP, that Person shall be bound to, and have obligations in respect of, both policies.

<sup>2</sup> *International-Level Athletes or Athletes entering an International Event should seek guidance on the process for seeking a TUE from the WADA website at <http://www.wada-ama.org> or FIBA's website at <http://www.fiba.com>. National level Athletes should seek guidance from the ASDMAC website at <http://www.asdmac.org.au>.*

- 9.2 Athletes who have been identified as included in FIBA's Registered Testing Pool may only obtain TUEs in accordance with the rules of FIBA.<sup>3</sup>

- 15.8 If the Person does not respond within 14 days (or other period determined by ASADA in accordance with the Code, the NAD Scheme and the ASADA Act) a hearing can be held in absentia or sanction can be applied in accordance with Article 17.
- 15.9 If an Athlete or other Person retires while a results management process is underway, ASADA retains jurisdiction to complete its results management process. If an Athlete or other Person retires before any results management process has begun, so long as ASADA would have had results management jurisdiction over the Athlete or other Person at the time the Athlete or other Person committed an anti-doping rule violation, ASADA will have jurisdiction to conduct results management.
- 15.10 BA must, after consultation with ASADA, impose a Provisional Suspension on any Person whose A Sample is the subject of an Adverse Analytical Finding of a Prohibited Substance other than a Specified Substance.
- 15.11 BA may, after consultation with ASADA, impose a Provisional Suspension on any Person whose A Sample is the subject of an Adverse Analytical Finding of a Specified Substance or who is issued with an infraction notice or who is subject to an investigation.
- 15.12 BA may, after consultation with ASADA, impose the following Provisional Suspension. BA may suspend:
- (a) financial or other assistance to the Person;
  - (b) the Person from Competition in Events and Competitions conducted by or under the auspices of BA; and
  - (c) the Person's licence or participation perm it (if relevant).

- 15.13 BA may, after consultation with ASADA, apply the Provisional Suspension: (a) from the date of the infraction notice;
- (b) following the 14 day submission period; or
  - (c) as deemed appropriate by BA or FIBA; until the determination of the hearing or a determination by ASADA not to refer the matter to hearing.
- 15.14 If a Provisional Suspension is imposed, the hearing under Article 16 shall be advanced to a date that avoids substantial prejudice to the Athlete.
- 15.15 ASADA will convene any Provisional Hearing and will present the case at any Provisional Hearing unless otherwise agreed.
- 15.16 As a general rule, the Provisional Suspension of a Person will not be publicly disclosed. A Provisional Suspension may however be publicly disclosed so long as such disclosure will not be unfairly prejudicial to the interests of the Person. ASADA must be consulted prior to any such disclosure.

## 16. HEARING

- 16.1 Article 8 of the Code applies.
- 16.2 ASADA will wait 14 days (or other period determined by ASADA in accordance with the Code, the NAD Scheme and the ASADA Act or a period less than 14 days as agreed between ASADA and the Person) after sending an Infraction Notice above and then will convene CAS to conduct the hearing. ASADA will prosecute the alleged anti-doping rule violation.
- 16.3 CAS will determine:
- (a) if the Person has committed a violation of this ADP;
  - (b) if so, what sanction will apply;
  - (c) how long the sanction will apply; and
  - (d) any other issues properly brought before it for determination.
- 16.4 CAS will give to the Athlete, ASADA and BA a written statement of:
- (a) the findings of the hearing and brief reasons for the findings;
  - (b) what sanction (if any) will apply;
  - (c) for how long the sanction (if any) will apply; and
  - (d) any other issues determined by it .
- 16.5 Sanctions will be applied under Article 17.
- 16.6 ASADA will report the outcome of all anti-doping rule violations in accordance with the Code, the ASADA Act 2006 and the NAD Scheme.
- 16.7 Hearings under this Article shall be completed expeditiously as reasonably practicable.

- 16.9 Decisions by CAS under this Article may be appealed as provided in Article 19.
- 16.10 Decisions by CAS under this Article shall not be subject to further administrative review at the national level except as required by applicable national law.
- 16.11 If, during a hearing, a party to the hearing process implicates a third party to an anti-doping rule violation, ASADA may use any information that arises as a result of the CAS process without having to first seek the permission of the parties.
- This clause expressly ousts Rule 43 of the CAS Code of Sports-related Arbitration.

## 17. SANCTIONS

- 17.1 Articles 9 and 10 of the Code apply.
- 17.2 CAS or another relevant body may require the Athlete or other Person to repay all funding and grants received by the Athlete from that body subsequent to the occurrence of the anti-doping rule violation. However, no financial sanction may be considered a basis for reducing the period of Ineligibility or other sanction which would otherwise be applicable under this ADP. Repayment of funding and grants may be made a condition of reinstatement.
- 17.3 CAS may also determine, in addition to applying the sanctions under the Code, that a Person who has committed an anti-doping rule violation, is required to go to counselling for a specified period.
- 17.4 Where CAS determines that an employee or contractor of BA has committed an anti-doping rule violation, BA will take disciplinary action against the employee or contractor.
- 17.5 Once the period of a Person's Ineligibility has expired and the Person has fulfilled the conditions for reinstatement, then provided that the Person has paid all forfeiture penalties in full and has satisfied in full any award of costs made against the Person by CAS and any other requirements determined by CAS, the Person will become automatically re-eligible and no application for reinstatement will be necessary. If, however, further forfeited amounts become due after the Person's period of Ineligibility has expired then any failure by the Person to pay all outstanding amounts on or before their respective due dates shall entitle BA to deny the Person's access to further Competitions and Events or any other BA activity until the amounts due are paid in full unless otherwise agreed by both parties.

## 18. CONSEQUENCES TO TEAMS

- 18.1 Article 11 of the Code applies.

## 19. APPEALS

- 19.1 Decisions made under Article 16 of this ADP may be appealed to the CAS Appeals Division in accordance with this ADP, Article 13 of the Code and the CAS Code of Sports Related Arbitration. Such decisions shall remain in effect while under appeal unless the appellate body orders otherwise. Before an appeal is commenced, any post-decision review authorised in the NAD Scheme or Article 16.9 must be exhausted. The following persons shall have the right to appeal:

- 19.3 The time to file an appeal to CAS shall be within 21 days of the release of the written decision of the initial hearing.

## 20. MANAGEMENT OF ALLEGED ANTI-DOPING RULE VIOLATIONS NOT COVERED BY AN ANTI-DOPING POLICY

In the case of a Person who has committed an anti-doping rule violation or has committed conduct which would have amounted to an anti-doping rule violation if the Person was bound by a Code compliant anti-doping policy and the Person has not been sanctioned by CAS or any other hearing body because the Person was not bound by a Code compliant anti-doping policy, BA will:

- (a) prevent that Person from competing in BA Competitions, Events and activities if the Person is an Athlete;
- (b) prevent that Person (so far as reasonably possible) from having any involvement in BA Competitions, Events and activities; and
- (c) not employ, engage or register that Person;

unless and until that Person agrees to be retrospectively bound by this ADP from the occurrence of the anti-doping rule violation.

## 21. CONFIDENTIALITY AND REPORTING

- 21.1 The identity of any Athlete or other Person who is asserted to have committed an anti-doping rule violation may only be Publicly Disclosed by ASADA, or BA after consultation with ASADA, in accordance with the Code, the ASADA Act, the NAD Scheme and the terms of the Confidentiality Undertaking signed between ASADA and BA.
- 21.2 ASADA or BA, or any official of either, will not publicly comment on the specific facts of a pending case (as opposed to general description of process and science) except in response to public comments attributed to the Athlete, other Person or their representatives.
- 21.3 No later than 20 days after it has been determined in a hearing in accordance with Article 16 that an anti-doping rule violation has occurred and the time to appeal such decision has expired, or such hearing has been waived and the time to appeal the decision has expired, or the assertion of an anti-doping rule violation has not been challenged in a timely fashion, ASADA must Publicly Disclose at least: the disposition of the anti-doping matter including the sport, the anti-doping rule violated, the name of the Athlete or other Person committing the violation, the Prohibited Substance or Prohibited Method involved and the Consequences imposed. ASADA must also Publicly Disclose within 20 days appeal decisions concerning anti-doping rule violations. ASADA will also, within the time period for publication, send all hearing and appeal decisions to WADA. BA may also elect to make a public statement in relation to the matter, following consultation with ASADA.
- 21.4 In any case where it is determined, after a hearing or appeal, that the Athlete or other Person did not commit an anti-doping rule violation, the decision may be Publicly Disclosed only with the consent of the Athlete or other Person who is the subject of the decision. ASADA will use reasonable efforts to obtain such consent, and if consent is obtained, will Publicly Disclose the decision in its entirety or in such redacted form as the Athlete or other Person may approve.
- 21.5 Any decision of an Anti-Doping Organisation regarding a violation of this ADP shall be recognised by all Sporting Administration Bodies, which shall take all necessary action to render such results effective.
- 21.6 Subject to the right to appeal provided in Article 19, the Testing, TUE and hearing results or other final adjudications of any organisation recognised by ASADA or any Sporting Administration Body which are consistent with the Code and are within the organisation's authority, shall be recognised and respected by BA. BA may recognise the same actions of other bodies which have not accepted the Code if the rules of those bodies are otherwise consistent with the Code, the NAD Scheme and/or ASADA's position.

## 22. INTERPRETATION OF THE CODE

- 22.1 Article 24 of the Code applies.

## 23. MISCELLANEOUS

- 23.1 Statute of Limitations – Article 17 of the Code applies.
- 23.2 Doping Control for animals competing in Sport – Article 16 of the Code applies (if relevant).
- 23.3 Words not defined in this ADP have the meaning ascribed to them in the Code unless a contrary meaning appears from the context.
- 23.4 This ADP may be amended by BA subject to prior consultation with ASADA and ongoing compliance with the Code and ASADA Act.
- 23.5 Where this ADP adopts and applies an article of the Code that article and the terms in it shall be considered and applied in the context of this policy

Geraldton Basketball Association

*put a Bounce in your step*

## PREGNANCY & BASKETBALL PARTICIPATION GUIDELINES

- These guidelines have been developed to provide associations and clubs with some assistance in dealing with pregnancy and basketball. The WNBL has a more detailed pregnancy and basketball policy. A copy of the policy may be obtained from Basketball Australia upon request.
- The Basketball Australia pregnancy guidelines have been developed following consideration of current medical and legal advice.
- These guidelines outline some of the issues which should be considered by the pregnant player, the association, the coaches and the referees.
- The pregnant player should:
  1. Obtain expert medical advice. (Understand the advice and assess the risks)
  2. Discuss the issues and implications of competing with other people in the basketball environment (Coaches, team members, managers).
  3. Use common sense and do not take unnecessary risks.
  4. Take into account their changed physical condition.
  5. Do not attempt to increase the level of training or playing during pregnancy.

\* The ultimate decision to play will always be the players.
- Associations and Clubs should:
  1. Be aware of the discrimination legislation which applies to them.
  2. Review their rules and regulations in light of the discrimination legislation.
  3. Seek professional advice where there is uncertainty as to appropriate steps.
  4. Provide relevant information for all players in relation to pregnancy and playing.
  5. Develop general policies to minimise the risk of injury.
  6. Consider obtaining appropriate releases and indemnities from players.
- Coaches should :
  1. Ensure players are aware of the medical implications of participating.
  2. Develop open communication.
  3. Not pressure the player.
  4. Remember the individual player comes first.
  5. Seek professional advice where necessary.
- Referees should :
  1. Apply the rules equitably at all times.
  2. Place the safety and welfare of all players above all else.
  3. Be courteous and respectful.

\* In summary, it is up to the individual player to weigh up the benefits of exercising during pregnancy against the perceived risk of injury to herself or her unborn child.

# APPENDIX C

BLOOD POLICY

Geraldton Basketball Association

*put a Bounce in your step*

## BLOOD POLICY

Referees will need to be aware of, and implement, the following policy in relation to the safety of the basketball court and the risk of viral transmission.

- As a practical guide the following interpretation of court safety is to be followed.
- During the game the official shall order any player who is bleeding or has an open wound, to leave the playing court and cause this player to be substituted.
- Before the player is allowed back into the game the wound should be treated (no further bleeding) and the affected area completely and securely covered.
- A bleeding player who has received treatment, and the affected area covered, may remain in the game at the expense of a team time-out. (as for an injured player.)
- If there is blood on the uniform the player should change the uniform immediately. (It will be necessary to carry a spare number uniform for this purpose.) Under no circumstances should a player with wet or dry blood stains on their uniform be allowed on the court.
- Prohibit a player returning to the court with a blood stained uniform, unless the uniform has been soaked in the recommended solution for at least five minutes and thoroughly rinsed off with water.
- Destroy the HIV with a solution of 0.5% bleach and 2% detergent mixed with water and applied for five minutes. (Normal machine washing would kill the virus on pieces of clothing.)
- Blood on the ball - replace the ball.
- Blood spilt on the floor or benches should be wiped thoroughly with the bleach and detergent solution.
- A "Blood Kit" should be situated at the Scoretable during competition games. The Kit should be used only for the purpose of dealing with spilt blood on the floor or benches.

### ***Suggested Contents of Blood Kit:***

- 1 Packet of paper hand towels.
- 1 Packet of disposable latex surgical gloves.
- 1 Packet of medium size resealable plastic bags.
- 1 1500 ml Spray Bottle with 0.5% bleach and 2% detergent mixed with water. (Bleach is the key ingredient. Standard household bleach is acceptable, but it must not be used past its use by date.) Solutions should only be used if they have been mixed (prepared) that day.

All scoretable officials should be aware of these guidelines; item 4 is of particular importance.

When a uniform is changed draw one line through the old number, place the new number beside it, with an asterisk beside the numbers with an explanation at the bottom of the scoresheet.

Where scoretable officials observe substantial bleeding or blood on a playing uniform, and the referees have not become aware of the problem, the chairperson is to wait until the next dead ball period before advising the referees.

**Persons Tending to Bleeding Players and Blood on Surfaces should;**

Take precautions so as not to come into contact with body fluids, particularly blood, or with soiled objects, even if the risk is low.

- Take care to avoid blood from the wounded person coming into contact with skin punctures or cuts, particularly on the fingers, or reaching the eyes or the mucous membranes of the nose or mouth.
- Spray the bleach and detergent solution directly onto the spilt surface, then wipe the surface with paper towels.
- Always wear latex, disposable surgical gloves in anticipation of contact with body fluids, particularly blood from the nose, mouth or a wound when touching nasal mucous membranes or broken skin (abrasions, dermatitis) or when handling soiled objects. The gloves must be discarded after use.
- Place soiled linen, and uniforms into sealed plastic bags, to then be washed in a normal machine-wash process.
- After placing soiled paper towels, surgical gloves, compresses, dressings and bandages into a sealed bag. Destroy or dispose of the bags in garbage disposal bins.
- Thoroughly wash hands with a bleach and detergent solution before and particularly immediately after contact with the person being treated, even if gloves have been worn. Wash all areas that have come into contact with body fluids.
- Do not use sponges, especially not to clean several wounded persons in succession.

**Information on the Prevention of AIDS:**

(Taken from a circular from Dr. Jacques Huguet, President of FIBA Medical Council)

- Some sports carry a greater risk of contamination than others in so far as there is a greater possibility of blood contact.
- Contact can occur through open and bleeding wounds as well as through abrasive or inflammatory injuries to the skin.
- Basketball is classified in the medium risk category.
- In the field of sports one should know that the AIDS virus cannot be transmitted by saliva, sweat, urine, skin contact, handshakes, bath water, swimming pools, showers or toilets.
- Light washing with detergent or water does not necessarily kill the HIV. HIV can survive in dried blood for up to seven days.
- The risk of blood on clothing being transmitted to another player is extremely small, but real

A large, dark silhouette of a basketball player is shown in a dynamic, low-to-the-ground pose, as if they are about to shoot or pass the ball. The player is holding a basketball in their right hand. The background is a solid orange color, and the player's shadow is cast on a grey, reflective surface at the bottom of the page.
